

## No Common Name (G103-46-01)

HCFCFD designation: G103-46-01

### Proposed Project Reaches:

1. Sweet Gum Lane to Cypress Lane
2. Cypress Lane to confluence with HCFCFD Unit G103-46-00

### Recommended Improvement:

- Reach 1: Upsize culverts for roadway crossing improvements
- Reach 2: Upsize culverts for roadway crossing improvements

	<b>Construction Predecessor:</b>	None
--	----------------------------------	------

	<b>Cost:</b>	Construction: \$2.3 M Detention: \$0.5 M
--	--------------	---

	<b>Additional ROW required:</b>	None
--	---------------------------------	------

	<b>ROW control:</b>	No drainage ROW exists between Sweet Gum and Cypress Lane
--	---------------------	---

	<b>Inundation area removed from structures:</b>	0
--	---	---

	<b>Structures indirectly benefited:</b>	0*
--	---	----

	<b>Environmental Concerns:</b>	None
--	--------------------------------	------

\*Indirectly benefited structures are historically flooded structures that are located well outside the mapped open channel floodplain and may benefit from local drainage improvements.
