

## Kings Crossing Ditch

HCFCDD designation: G103-33-04

### Proposed Project Reaches:

1. Upper limits to confluence with Bens Branch

### Recommended Improvement:

- Reach 1: Channel modifications, culvert replacement

	<b>Construction Predecessor:</b>	Bens Branch R4
	<b>Cost:</b>	Construction: \$2.2 M
	<b>Additional ROW required:</b>	Limited, no cost assigned
	<b>ROW control:</b>	HCFCDD
	<b>Inundation area removed from structures:</b>	0
	<b>Structures indirectly benefited:</b>	18*
	<b>Environmental Concerns:</b>	USACE permitting required if jurisdictional

\*Indirectly benefited structures are historically flooded structures that are located well outside the mapped open channel floodplain and may benefit from local drainage improvements.
